## New version of CitiFX Pulse is released

The latest version of CitiFX Pulse is a powerful multi-product suite that gives clients easy access to a wealth of Citi resources. Highlights include a friendly and flexible user interface offering pre-trade, execution and post-trade services for a complete eSolution. Foreign exchange dealing capabilities cover over 60 countries for on-shore settlement from a single web-access point for total control, transparency and convenience.

The screenshot displays the CitiFX Pulse interface with several overlapping windows. The 'Live Rates' window shows exchange rates for EUR/USD, USD/JPY, AUD/JPY, and EUR/JPY. The 'Research' window shows a table of news headlines. The 'Reports' window shows a table of transactions.
